→以本課程的基本概念所寫的神學報告 basic idea of the paper (may be refined or revised)

題目：以道德律為整合視角來看布雷克的系統神學與實踐神學 (Theology Paper: the moral law as an integrating perspective on a Brakel's systematic and practical theology.)

從布雷克的著作中研究「律法」和「道德律」、「公義」、「聖潔」等字，然後觀察布雷克在書中如何連結到不同的神學教義和主題。請按照布雷克所使用的章節順序討論各種整合的主題，並註記你正在解釋的章節標題。請注意：如果你使用數位版本，可能沒有頁碼。你可以引用布雷克著作中準確的部分，但是不可以超過引用上限，文章大部分必須是你自己的摘要。可以畫圖表來說明這個整合視角的架構。請參閱葉提多牧師對布雷克神學結構的總結大綱，以及他對於穆勒（Richard Muller）關於在聖約中的道德律一文的總結。這篇神學報告字數最少為 5000 字。

Do a word search in a Brakel's digital volumes on "law", "moral law" "righteousness" "holiness" and see how a Brakel connects the law to various theological doctrines/topics in the book. In general discuss the various integrated topics in the order of the chapters used by a Brakel and note which chapter titles you are explaining. NOTE: You might not have page numbers if you use a digital edition. Quote selected precise portions of a Brakel, but don't overload the paper with quotations. Mostly use your own summary. Drawn a chart or diagram illustrating the integrating structure of the moral law. Consult Yates' summary outline of a Brakel's theological structure and his summary of Muller's article on the stability of the moral law in the covenants. Minimum 5000 words.
